# ARTHUR PHILLIP PARK DISTRICT PLAYGROUND

## LEGEND

- ① Bench seating within playground
- ② Proposed rubber softfall surfacing
- ③ Accessible ramp walkway to elevate users of all physical abilities to raise platforms and lookout spaces  
Raised bleacher seating to eastern edge of courts
- ④ Active embankment to encourage climbing sliding and nature play
- ⑤ Proposed bouldering wall
- ⑥ Circulation pathways
- ⑦ Fenced perimeter to playground with opening to address open lawn space
- ⑧ Informal sports area including basketball line marking and backboard table tennis table seating ages and other line marking to facilitate informal sports activities
- ⑨ Consolidated picnic areas with shelters picnic tables raised seating edges and barbecues
- ⑩ Textured mass planting understory with newly proposed tree plantings
- ⑪ Nature play area with large smooth finished timber logs static balance beams and steppers cubby houses and climbable boulders
- ⑫ Accessible link through nature play area. Includes on-grade cubby houses with sensory play experiences inside.
- ⑬ Proposed location for entry wall signage
- ⑬ Reinstated picnic table and shelter in new location.
- ⑭ Proposed double swing with regular and infants swing

Note  
Following the acquisition of additional funding council suggests that the nature play area be decommissioned, with play elements such as balance beams steppers and cubby houses being relocated to other areas within Arthur Phillip Park with the intention of creating incidental nature Play experiences to the perimeter of the circuit path. Alternative locations in other parts could also be considered for the relocation and re-use of this equipment.

# DETAILED PLAN

## DISTRICT PLAYGROUND
