

# Parramatta Night Market

- what kind of market does the community want?

City of Parramatta asked the community what they thought about the proposal for a night market in the Parramatta CBD. Council proposed four potential locations for the Parramatta night market; Centenary Square, Jubilee Park, Prince Alfred Square and an area along the Parramatta River.

We also wanted to understand what the community would like to see and do at a night market, and what kinds of goods people would browse for and buy.

## Here's what you told us:

### What should the market offer?

## Who participated?

A number of communication channels were activated to reach as many community members as possible, to notify them of the opportunity to 'have their say'. Communications and engagement activities included: providing information on City of Parramatta websites, social media, email campaigns and community drop-ins.

**241,127**  
people on average saw the opportunity to provide feedback

**1,008**  
formal responses received via Council's engagement portal and other City of Parramatta channels

**12**  
formal responses were received in community languages
