

WHAT'S HAPPENING HERE?

The City of Parramatta is upgrading Sherwin Park

- This is the Stage 1 upgrade for the new Sherwin Park Community Garden, with construction starting on Wednesday 27 September and running for approximately 12 weeks.
- Stage 1 will include soil remediation, a water connection, thirteen raised vegetable garden beds, site fencing, compost bays, a paved delivery area and decomposed granite pathways. The Sherwin Park Garden Committee will work with Council to deliver a small greenhouse and a temporary shipping container for storage.
- The community garden is proudly funded by NSW Government in association with City of Parramatta Council.
