## Classifications

### Pricing Policy Category

A	Public Good	The service provides a broad community benefit. Inconceivable or impractical to charge for service on a user basis.
B	Practical Constraint	The service is a minor part of the overall operation of Council, or the potential for future revenue collection is so minor that it is outweighed by the cost of allocation
C	Shared Benefit	Benefits from providing this service accrue to both individuals and the community as whole (Community Service Obligation).
D	Stimulus	A stimulus to the demand for the service is required. In the short term, only part of the cost of the service is to be recovered.
E	Evasion	Charging prices to recover full cost may result in widespread evasion.
F	Equity	The service is targeted to low income users.
G	Economic/Social/Community Welfare	The service promotes or encourages local economic or social activity.
H	Private Good	The service benefits individual users, contributing to their income, welfare or profits, without any broader benefit to the community.
I	Monopoly	Council has a monopoly over provision of the service and there is no community service or equity obligation.
J	Development	The fee set will enable Council to develop and maintain a service.
K	Contribution	Charges are levied to compensate the community for an increase in the demand for a service or facilities because of a development proposal.
L	Regulatory: Non-Fixed	Fee charges cover the costs incurred by legislative requirements where no community service obligation exists.
M	Regulatory: Fixed	The fee is fixed by legislation.
N	Market	The service provided is in competition with that provided by another council or agency (private or public) and there is pressure to set a price that will attract adequate usage of the service.
N/A	No Pricing Policy	No Pricing Policy allocated to Fee
O	In-House	The service is provided predominantly for Council use, but sale to external markets may defray costs.
P	Entrepreneurial	The service is a profit-making activity and the price paid by users should recover an amount greater than the full cost of providing that service.
Q	Penalty	The fees charged are greater than the cost of the service, to act as a dis-incentive.
R	Utility	Fee charges for possession, occupation or enjoyment of Council land, public land and air space by gas, electricity, telecommunications and water utilities.

Where Credit card surcharges and transaction fees (such as dishonour or failed debit) are applied by the Bank or payment provider, they are passed on directly to the Customer and calculated at the point of payment.

### 14.1 CHILDCARE

Council's early learning centres' fees are based on covering expenditure, so are subject to change in the next two months as expense budgets are finalised.

### 14.2 COMMUNITY CARE

The Australian Government and City of Parramatta Council subsidises a range of aged care services to keep fees reasonable and affordable. If you are eligible, you are expected to contribute to the cost of your services if you can afford to.
